Closing Prayer**Father McCabe**

Lord, help the parish have a safe and holy lent, Easter and end of school year – Hail Mary...

Executive Session**Introduction****Father McCabe**

The purpose of the executive session is to discuss relaxing the COVID virus rules for Mass and the Sacraments. Bishop Conley issued a set of recommendations to help the pastors of the individual parishes to decide how and when to ease the restrictions. The variety of the size and demographics of the various parishes in the diocese dictate that one solution will not work for every parish. The Bishop also has asked for input from the various parish councils on this. Father McCabe will make the final decisions. The information will be communicated to the parish.

A motion was moved by Jill Becker to move to executive session. David Reese seconded the motion. All said aye. Parishioners that attended the meeting but are not on the parish council or a guest speaker were asked to leave the room.

Respectfully submitted,
Ron Clinch

PS: A personal note: I greatly appreciate the honor the parish gave me by electing me to serve on parish council. We are a hoj and good parish. We have very competent leaders. I have enjoyed working with all of you. I have learned a lot. Thanks! Ron Clinch
